What does it mean?

Read the descriptions and match them with the words. Page 39 in TOPIC will help you!

<b>to reproduce</b> <input type="radio"/>	<input type="radio"/> to control something
<b>to spread</b> <input type="radio"/>	<input type="radio"/> to work
<b>to operate</b> <input type="radio"/>	<input type="radio"/> to depend on something
<b>to regulate</b> <input type="radio"/>	<input type="radio"/> to cover a wider area
<b>to rely on sth.</b> <input type="radio"/>	<input type="radio"/> to have babies

**Listening exercise**

Ask your teacher for the audio file or listen to the audio on TOPICdigi.

Tip: Before you listen, read everything carefully.

It will help you find the right answers.

"A Garden for the Bees"

Listen to the expert describing how she builds a garden for the bees. Fill in the gaps below. The letters in the brackets will help you!

1. Pick plants that bees love, such as wildflowers,  
herbs or \_\_\_\_\_ (FTRIU SETER).
2. Let weeds grow and do not mow the \_\_\_\_\_ (LWNA) as much.
3. Build bee hotels by drilling holes into pieces of wood or collect hollow \_\_\_\_\_ (SEMST).
4. Do not use \_\_\_\_\_ (DEPSTCIIES).
5. Add shallow \_\_\_\_\_ (TREWA WLBSO) with a couple of  
\_\_\_\_\_ (RSKOC) so that bees have a place to land and drink.
