## Something's wrong ...

Read through the descriptions of the three kids. For each child, two facts are wrong – find them and cross them out. Pages 38 and 39 in TOPIC will help you!

"Hey, I'm Josephine and I live in Brooklyn. I'm 13 and the youngest kid in my family – and I'm a huge reader. My favourite are the Harry Potter books. I also like sports, though. I play American Football, which is quite different to soccer. One day, I'd be able to do my sport for a living, even though my parents are no fans of that plan. I really like to eat sushi and my favorite animals are dogs."

"Hi! My name is Baahir and I'm fourteen years old. Me and my family live in India, in a town near the Atlantic Ocean. My favourite days are ones that I can spend on my hobby: working on electronics and fixing things. Oh, and eating fish curry – it's my favourite, haha! My dad's a fisherman, so my family is quite poor, but I'm a good student, so I'm not worried about my future. I'd love to work in computers when I'm older – that would be so cool!"

"Hello, I'm Moira! Me and my family live in a suburb of London. I'm an only child, but I have a big circle of friends, so that's okay. I'm quite creative – I love creating my own clothing. I love all animals, even spiders, that's why I also don't eat any meat. My favourites, however, are dolphins and I also adore guinea pigs. If I won the lottery, I'd probably create my own fashion label. That's my big dream!"
